

New Investor Relations area on Cimpor website

February 23, 2012 - Cimpor website has now a new Investor Relations area that can be accessed directly at <http://www.cimpor.pt/investidores/Default.aspx?lang=ing>.

Reflecting Cimpor commitment in promoting an open and transparent relationship with its stakeholders and in particular with the financial community, this area provides broader information about the company, structured to meet the specific information needs of investors.

Through the navigation menu, which includes Corporate Organization, Strategy, Investor's Pack, Announcements, Presentations, Reports & Publications, Get Data, Share & Shareholders, Corporate Governance, Corporate Calendar and IR Team, access to any data type is done intuitively and with less than three clicks. On each page, the most relevant and recent information is highlighted.

The availability of annual and quarter financial data time series, consolidated debt information and qualifying shareholdings ready to download in Excel files is one of the new features in the Investor Relations website that worth mentioning.

The Investor Relations area can also be reached through the navigation menu at Cimpor homepage.

With a relevant presence in the world market, Cimpor is a cement manufacturing group with its headquarters in Portugal. Having now industrial activities in 12 countries – Portugal, Spain, Cape Verde, Brazil, Morocco, Egypt, Tunisia, Turkey, South Africa, Mozambique, India and China – where it operates 26 cement plants with a total production capacity of 36 million tons of cement per year, it employs 8,500 persons of 33 different nationalities. In 2010, CIMPOR generated a turnover of 2.240 billion euros, an operating cash flow of 630 million euros and a net profit of 242 million euros.
