

MATERIAL INFORMATION

CIMPOR – Cimentos de Portugal, SGPS, S.A., the parent company of CIMPOR Group, hereby informs the public and particularly its Shareholders that, given the recent behaviour of cement demand in Morocco, its growth potential and the increasing utilization of the Group's assets in this market, it has decided to increase its production capacity in that country.

Therefore, Asment du Centre, S.A., a company fully owned by CIMPOR Group, will build, in Ain Jemaâ (in the region of Meknès) a new integrated cement plant with an annual production capacity of 750,000 tons. The works inherent to this EUR 100 Mn investment are scheduled to start in the first half of 2008.

At the same time, and to address the growing supply needs of its four concrete facilities, and three more to be installed in 2008, CIMPOR Group has just acquired in the region of Benslimane an aggregates unit with an annual production capacity of one million tons.

With such a contribution to the development of the Moroccan cement industry, CIMPOR Group, operating in this country since 1996, wants to keep up with the increasing cement demand following the growth of Moroccan economy.

Lisbon, December 7, 2007

The Board of Directors
